

A complete range of expert risk management solutions

Specialist risk handling, training and consultancy from ORS

As a valued customer of OAMPS Petrochemical you will get access to a wide range of risk management and training solutions from ORS another OAMPS UK Group company.

The world of petrochemicals is full of inherent risks. From the transporting of oil, gas and hazardous materials to their storage and distribution, few sectors are as fraught with potential incidents.

So it's good to know that as an OAMPS Petrochemical client you get access to a comprehensive range of risk management, training and consultancy services at a discounted rate.

“Training that is effectively delivered, practically focussed, and helps drive incident rates down.”

Geoff Mountford, Pace Petroleum

ORS Risk Management

“Tailor-made risk handling solutions for the petrochemical industry”

ORS Risk Management experts have far reaching experience in our highly specialised field. Every member of the team is qualified to DGSA, ADR and NEBOSH standards and committed to delivering a service that is truly second to none.

A whole world of training

ORS Risk Management offer a complete range of services which can then be custom-designed to meet your individual needs. Taken together, it provides a one-stop solution to delivering all your training needs and legal requirements, including:

Health & safety services

- Occupational health and safety consultancy
- 3rd Party Environmental and health and safety auditing (inc. lead auditing for EMS)
- Environmental and health and safety consultancy
- Training and Awareness
- Dangerous Goods Safety Advice

Training Services

- Driver/Delivery assessments
- Driver and Company Training:
 - CPC drivers periodic training
 - NVQ's level 2 and 3
 - Working at heights and ladder training
 - Spillage prevention training
 - Spillage response training
 - Forecourt Training
 - Manual handling training
 - ADR training
- OFTEC Tank Installation training

Health & safety consultancy

ORS Risk Managements' extensive Health & Safety consultancy package is designed to help you meet your legal obligations. From reviewing your corporate safety policy to assisting in accident investigations, ORS Risk Management can find the right solution for you.

Driver assessments and training

ORS Risk Management will assess your team of drivers, analysing every aspect of their performance to help your business to achieve improved productivity and profitability. The menu of driver training packages can be customised to satisfy your individual needs.

Expert dangerous goods advisors

If your business is involved in transporting dangerous goods by road, you must by law appoint a Dangerous Goods Safety Advisor (DGSA) to monitor your operation. ORS can provide you with expert advisors far more cost effectively than employing a full time expert, it's the affordable way to meet your legal obligations and protect your business.

Your next step

Discover how ORS Risk Management can help protect your business by delivering specialist and outstanding value for money risk management solutions. Call us today on **01485 544198** to talk to one of our highly qualified and experienced team and remember to advise them you are an OAMPS Petrochemical client.

“The Federation is now collaborating with ORS to provide customised, industry specific training under the new Driver CPC scheme that comes into force in September 2009. Such targeted training enables industry to get the most benefit from fulfilling its obligations.”

Susan Hancock, CEO, Federation of Petroleum Suppliers

“ORS. We've made our name on managing your risks.”
