

FUEL DISTRIBUTION AND HAULAGE

Our relationship with the UK & Ireland Fuel Distributors Association (UKIFDA), formerly known as the Federation of Petroleum Suppliers (FPS), puts us in a unique position to understand your business; and our commitment to UKIFDA is to provide an insurance solution to each and every member.

Our team will listen to your needs and concerns and learn as much as possible about your company operations, then tailor an insurance package that provides comprehensive cover at a competitive price.

Clients of OAMPS Hazardous Industries will automatically benefit from Level 2 & 3 Environmental Response Service in the event of a spillage 24/7. We offer Level 1 Environmental Response Service at a discounted rate.

OAMPS Hazardous Industries clients operating vehicles which are built to carry dangerous goods & equipment automatically benefit from business interruption cover under our Commercial Combined insurance scheme to help protect cash-flow where income is lost as a result of damage to such vehicles.

We can also offer specialist driver training in ADR and CPC at a discounted rate via our parent company.

WHAT TYPE OF BUSINESSES DO WE WORK WITH?

We provide complete insurance solutions for businesses ranging from single vehicle operators to major oil companies, on conventional or bespoke non-conventional programmes
