

## TANKER & BOILER MANUFACTURING & INSTALLATION

OAMPS has been offering bespoke insurance solutions to tank and boiler companies for over 30 years.

With our extensive involvement in the domestic fuel supply industry we have developed a keen understanding of the risks involved in this highly regulated trade, with its own unique exposures.

We won't just arrange standard commercial insurance for you, our core package includes cover for risks unique to the tank and boiler installation sector:

- Stock Fluctuation protection
- Crisis-management and media protection
- High Public Liability Limits of Indemnity
- Statutory Environmental Protection up to the limit of indemnity
- Rehabilitation Services

Clients of OAMPS will automatically benefit from Level 2 & 3 Environmental Response Service in the event of a spillage 24/7; we offer Level 1 Environmental Response Service at a discounted rate. We can also offer specialist driver training in ADR and CPC at a discounted rate via our parent company.
